About Talaash

Talaash is the prodigy of the Management Department at Jai Hind College (Autonomous), Mumbai. The seed of treasure hunt sown exactly 23 years ago has germinated into a full-fledged festival which has grown bigger and better every year. This jamboree is a conceptualisation of Management students- it's a festival for, of, and by the management department.

The excitement for Talaash is not just limited to the intra-levels, but has also digitally reached out to the farthest latitudes and longitudes of India and henceforth, is seen as a brand. The 23rd edition of this legacy is finally back offline again, after 2 years of being online. Having established itself in such a manner, it provides impetus to the students to learn, grow, and showcase their managerial skills in the most practical and constructive manner possible.

Our Theme For This Year: **Olympus: Playground of the Gods**

This year's theme was "Olympus" which transported everyone to the legendary world of ancient Greek gods and heroes. The festival aimed to bring to life the power, strength, immortality, heroism, justice, vengeance, wisdom, war, and beauty that define this rich cultural heritage which they did by taking everyone on a journey through the playground of the Gods.
